CARLA

22-year-old Carla is the kind of girl you've always dreamed of living next door to. A born exhibitionist, she admits that she's always popping out of her clothes at every opportunity.

This torrid teaser works for a time share company, and she gets to lounge by a Canary Isles pool on her days off.

"My place isn't overlooked, but I pretend it is," says Carla as she drags the material from her briefs high into the crack of her shapely bum, pulling the crotch aside to display her inviting pubes.

"My throat gets terribly dry in the sun, but other bits of me get very wet. It's a shame no one gets an eyeful, really!"

Little does she know, eh, guys?

MOUTH PIECE

WHAT A GAS!

Dear Ed.,

My name's Johanna, 25, and with vital statistics of 42-30-34. If this doesn't qualify me for your **Big Ones** correspondence pages, I'll never buy your sleazy magazine again!

Five years back I won a French

"Under the anaesthetic, my mind wandered to the subject of sex"

farmhouse (in Brittany) in a competition organised by a London evening newspaper. I was tempted to sell it at the time because I was short of cash, but thankfully I've kept it on, having enjoyed some marvellous holidays and three-day weekends there.

Late last August while I was staying there with a couple of friends, from the office, I developed the most appalling toothache. The nearest dentist was thirty miles away and I was annoyed to be made last in the queue - surely because I was English.

After a two hour wait, the nurse ushered me into his surgery. Despite my scant knowledge of French, I understood what he was saying - that I required three major fillings. When asked if I wanted gas or injection, I opted for gas, due to my low pain threshold - not to mention my

pathological fear of dentistry!

Under the anaesthetic, my mind wandered to the subject of sex. I dreamt my fiancé was performing cunnilingus on me in his antique hide library chair. My legs were wide apart and dangling over the padded leather arms. Not content with eating me - the dirty devil - he paused every now and then to fuck me with a vibrator. And all the while my breasts were being massaged and my nipples squeezed - almost as though Andy had developed a second pair of hands! It felt wonderful, just wonderful...

I don't know why, exactly, but the gas wore off way ahead of schedule.

When the ceiling stopped spinning, I realised all was far from well. I was wet between the legs (my first reaction was that I'd wet myself), my skirt was way up above my knees and my knickers were dangling off my right ankle. Then I noticed my blouse was unbuttoned nearly all the way down and my breasts were exposed. My nipples were pink and inflamed, like

"The dentist and his nurse panicked when they saw I was regaining consciousness"

they always get when they've been played with.

The dentist and his nurse panicked when they saw I was regaining consciousness - as well they might, considering they were bang in the middle of a fuck, up against the medical cupboards. They struggled to make themselves decent, but it was too late - I cringed, wondering what on earth they'd been up to.

The dentist was terrified I'd report him for professional misconduct and tried desperately to buy me off. But, luckily for him, he was a young and very good looking guy and his poor nurse was close to tears. In the event, I settled for a free operation (the standard of his work was excellent) and issued lots of threats that, once I'd weighed-up the situation at home, turned out to be empty. In retrospect, it was a shame I was out for the count - I might well have enjoyed the experience!

Johanna,
Basildon.

HEIDI HOOTERS

**THE
BUST OF BRITISH!**

She was only a farmer's daughter, but she couldn't keep her calves together! Dick Marshall interviews **Big Ones & Forty Plus** favourite "Titanic" Toni Frances...

Connoisseurs of big-boobed babes will surely need no introduction to the legendary "Titanic" Toni Frances, who in the last thirteen years has flashed her formidable frontage in just about every men's magazine on the market, as well as appearing in a huge array of video extravaganzas.

Though she rarely, if ever, gives interviews, and has now more or less retired from the glamour game, I managed to track down the lovely

lady in question in the cosy Sussex cottage she shares with her two "babies", little dogs named Cindy and Treacle. Once there I discovered that this brassy, busty beauty was basically - wait for it - the shy and retiring type!

"Oh yes, I'm shy alright," laughs Toni. "I remember the first time I stripped in public. I was absolutely horror-struck - shocked to death. It was January 30th, 1980... The only reason I can remember it is because

it was my grandfather's birthday and somebody dared me to take my clothes off. This was a bit like a red rag to a bull - never bet me anything, because I will always do it. I've never been able to resist a dare." Lucky old grandad!

The way she got into nude modelling was somewhat unorthodox to say the least: "My husband took some nude photographs of me, and without my knowledge sent them off to a well known men's magazine. What came next was an absolute bloody nightmare. You see, I was selling engineering tools at the time, and I went waltzing in to see one of my customers the day after this magazine published me under the name of "Cheryl."

"I didn't even know it was in there, until all the lads in the factory starting shouting: "Hey, Cheryl! Show us your tits!" I said "Who the bloody hell's Cheryl?" And one of the guys said, "You'd better come and have a look at this quick, to put you out of your misery." I didn't go back in the factory for about three weeks afterwards. I was so embarrassed, it was unbelievable..."

Asked about her background, Somerset-born Toni shrugs and insists there's not much of interest to tell. "I'm a farmer's daughter, can't you tell? What you really want to know is how I got these," she smiles, giving her ample protuberances a playful squeeze. Well if you want to know, I started developing at the age of 12, and people started making comments about them when

BUST OF BRITISH!

I got to the age of 14. After that, well, the rest is history. Let's just say that once they were fully developed I never had any trouble getting boyfriends!"

Like all really big busted women, Toni admits that there are times when having such a humongous figure gets her down. For a start, there are the bizarre nicknames that the magazine and video folk keep landing her with. "Titanic Toni doesn't have any effect on me at all," she shrugs. "But the one that did annoy me to start off with was Daphne Hugelands - that irritated me somewhat. I've got used to it now, though. I just don't admit to it being me at all."

The first video she ever did was for Peter Kay's Strand Films way back in 1982. "Now there's a dirty film if ever there was one," she grins. "It was all about mud wrestling! We had a real giggle doing that. I can thoroughly recommend sloshing about in a bath of mud as a great way of getting rid of all your inhibitions. We did it in a hotel in Exeter, and we were front page news there the following day. There were lots of ructions; even the Mayor was summonsed to face the council for allowing this sort of thing to happen. It's actually probably the most exciting thing that has ever happened to that town!"

Toni went on to do three or four

other videos for Peter Kay, but her memory of these is somewhat vague. "They were just the usual stuff," she says. "You know, take your top off and massage your tits until the tape runs out. I don't keep copies of these things, and in fact I rarely even get to see them - the films, that is, not my tits!"

In recent years she has found greater fulfilment making some fairly classy sex videos with the Hampshire-based production company, Ultravision International. The man behind these is John Xavier, who Toni refers to as, "a very unusual guy. In fact he's probably one of the fairest men I've ever met. He never, ever judges anybody for anything, and he always sees two sides to every story. He's

quite remarkable."

The first Ultravision tapes featured the incredible Tina Small, a gal whose chest measurements defied all laws of mathematics. When Tina retired (presumably either with bad back trouble or latex burnout), John Xavier had to find an equally pneumatic replacement.

"Some chap called me up and said, 'Why don't you get in touch with this guy, he's looking for a busty girl to do some videos,'" explains Toni. "So I phoned him up and took some mags over, and from then on off we went. I like working for John, he is a real professional who takes a lot of pride in his work. With him you can spend a whole day filming for a quarter of an hour of video."

Tina eventually starred in the second and third Ultravision tapes. Playing a sexy space heroine called **The Girl From Planet X**, she blasts off into space to confront a comic book villain who is bombarding the earth with a sex ray. "They used these clever computer paintbox effects," she explains, "which made the films look a lot more expensive than they really were."

Unfortunately this cleverness didn't extend to the plots. "In the third one I go to get measured for my uniform and try on a lot of gear - actually there were some fabulous clothes in the video, most of which I wanted to bring home with me. Anyway, I got my uniform together, then I went to bed and caught a burglar. That was the whole plot."

At this point I feel it my duty as a thrusting, muck-raking journo to ask Toni about some of her more explicit work. Clearing my throat I venture, "I, er, gather you have been involved in one or two more, er, graphic productions?"

She laughs out loud: "What a polite way of putting it! Yes, I have made a number of hardcore movies on the continent, which was an experience I'd rather not talk about here. I did the same in a British production called **In With Auntie**, but in that case I was performing with my husband so I couldn't see it made a hell of a lot of difference."

I can see that she is getting into a familiar subject when she insists: "I don't see anything wrong with that sort of thing anyway. I feel that any consenting adult should be able to do precisely what they like, so long as it is with another consenting adult. Beyond that I don't want to know."

"I think that anyone who touches children should have their nuts chopped off - I get terribly uptight about things like this so it's not really a very good question to ask me, because I do have some very strong opinions on that. It's not because I've got children of my own. But I just dislike anybody that messes with kids. It's disgusting!"

Moving back to safer ground, I note that Toni seems to treat her dogs like children, and she readily agrees. "These are the most important things that exist," she smiles, "and they know it. They like to get me up in the middle of the night and play football with them." (What a sight for sore eyes that must be!)

Toni spends even more time with her canine pals now she has more or less retired from the modelling scene (though she still does the odd photo set and video - a recent one being Tozerward's **Lana**). "I'm a normal female now," she laughs. "Well, as normal as is possible for me..."

"I woke up one morning and just decided I'd had enough of the glamour game. It's all one day and nothing the next. But I'd love to write a book and tell people all about this business. That would be something to think about. One thing's for sure: I could certainly drop a few people in it!"

She sighs deeply before concluding, "But when all is said and done I don't regret the time I've spent in the industry. I've enjoyed it. It has done me a lot of good, money-wise, and perhaps more importantly, confidence-wise..."

Ah well, goodbye Toni, and at the risk of milking a cliché, thanks for the mammaries...

BUSTY BRITTANY

Where do these gals get their stage names from? Miss Busty Brittany won't tell us what she was actually christened, but if that's her real moniker all we can say is that her folks must have had one helluva lot of foresight!

Mind you, there's little doubt in our mind that her monster mammaries could indeed cause some serious damage...

For example, look at those nipples. When erect we're assured by Busty that they can easily put a guy's eyes out. And just imagine if you got your head trapped in between those jumbo jugs... It would certainly clean the wax out of your ears and make your eyes and mouth water...

"I'm very proud of my body," says Busty, "and I enjoy showing it off. A gal like me can't go out in public without attracting a large crowd of horny guys, so I might as well enjoy myself."

We're all for that - but only point those things at us if you mean it!

MOUTH PIECE

COW SHED CAPERS!

Dear Ed.,

My husband - always a shrewd man - foresaw the economic recession and sold his business (and our London home) just before the crash. We went "back to basics" and bought a 1,000 acre dairy farm in Devon. Our income was slashed, but at least we had some cash in the bank for a change.

"The idea of watching me milk cows in just my black stockings and wellies"

Neither of us realised the sheer hard work in farming. Up at six a.m., in bed by nine at night - it was some change of lifestyle! Everything ran pretty smoothly, all things considered, but the day the milking machines broke down was a nightmare - a dairy herd of two hundred to

be milked by hand!

Despite the three girls we recruited from the village, there were still forty cows unmilked by sunset. Don bought a bottle of whisky and we finished the job together - which was when he got his bright idea. He really fancied, so he declared, the idea of watching me milk cows in just my black stockings and wellies.

It seemed preposterous, at first - another of my husband's wacky sex fantasies - but when I fetched my black stockings from the farmhouse, got undressed and sat on the milking stool, Don got very excited. I should explain at this stage that my bust measurement is extremely large (I'm nudging up towards 38-DD) and sitting there yanking on Daisy's teats, it was obvious she and I had rather a lot in common!

To let Don know I was into a bit of naughtiness, I "accidentally" splashed my pendulous tits with the Friesian's teat. Don kicked off his boots and jeans and caressed my milky breasts, urging me to give Daisy's teat another tweak. This time

an even bigger jet of warm milk blasted into my cleavage and over the tops of my raunchy black stockings. It felt undeniably erotic...

And it certainly had the desired effect on my husband! The next thing I knew, I was wrestled on to the filthy milking shed floor and rigorously fucked on my hands and knees. Never mind the overpowering smell of dung and stale milk and the manic mooing of our poor, unmilked cows - Don's cock felt nearly twice its normal size as it powered into my pussy.

"I felt like mooing myself as my orgasm erupted"

My tits swung from side to side as he screwed me, and my nipples brushed the cold, wet, straw-strewn floor. Indeed, I was so sexed-up by this bizarre sequence of events, I felt like mooing myself as my orgasm erupted!

It was certainly one to put down to experience, but I'd have to be very drunk indeed to fancy an action replay. But you never know...

Pauline,
Devon.

THE late, great John Holmes shows just why he became a legend in his own lifetime. The hardest 10 inches in the history of porn, pumped its way from one wet and willing open fanny to the next. As with all of John's work, it is superb: the orcs and the action are breathless and desperate for a bonk! Cxxx splashes all over the place as the girls scream for more—and John makes sure they get it. The love muscle bangs away, and just watch him loose off that famous cannon — an absolute must!

NADA

If you're a sophisticated man-about-town type then we're sorry to tell you you've got very little chance of bedding the beautiful Nada. Because this lewd lass would rather be banged on a building site than pronged in a penthouse. In other words, as far as men are concerned she likes a bit of rough.

"I go for the sort of bloke who's going to give me a bloody good seeing to," she explains. "Not some chinless wonder who only fucks on the tenth date. Good manners are all very well, but they should stop at the bedroom door. The men I go out with are not backward in coming forward. And they're not backward in coming over my tits, either!

"I think the best bloke I've ever shagged was this long-distance lorry driver. He liked me to be on top so that he could watch bedroom door. The men I go out with are not backward in coming forward. And they're not backward in coming over my tits, either!

LETHA WEAPONS IN 3-D

Tits amazing! Old 3-D movies like *Bwana Devil* promised viewers "A lion in your lap". But only *Big Ones* could bring you "Bumper bristols in your boat race!". Stick your glasses on and check this out. Don't you feel as if you could actually reach over and touch those titanic tits, squeezing the nipples gently until they become firm and erect? Sorry lads, but it's only an optical illusion, and you can't really cop a feel of Letha, our thrusting 3-D centrefold. Unless you use your imagination, that is... We suggest you settle back in your favourite armchair, loosen your strides, and fantasise about what it would be like to have a girl like this rubbing her magnificent mounds into your slobbering chops as she bounces up and down enthusiastically on the end of your rigid member... Magic, eh?

**BIG TIT
BONANZA!**

What happens when three of the bustiest babes in the business get together to throw an underwear party? We sent our roving correspondent Saul Wright along to get to the bottom of things...

The marvellous thing about tits is that they come in all shapes and sizes. Having said that, I must confess that I much prefer the bigger variety, especially the ones with stonking great nipples that stand out like Mary Whitehouse in a nudist camp. Consequently I jumped at the chance of ogling such appendages in the flesh, so to speak, when invited to attend the filming of a new Tozerward video release called **Boobs, Boobs and More Boobs**.

"There will be three birds there," the Editor told me tersely, "and they've all got tits the size of Azil Nadir's overdraft!" Barely pausing to wipe the drool off my mouth I set out for the location - a big old house in the heart of the Kent countryside - where I was greeted at the door by a charming young lady. To my dis-

appointment, she was fully clothed. "I'm not in the film," she apologised. "My boobs are only 38s, so I'd probably look like Twiggy alongside the other girls!"

She led me through the place to where the filming was in progress. Now I've been to a few film sets in my time, some of them for major productions. Usually you'll discover a small army of technicians sitting around reading **The Sun** while the director takes about half the day setting up a scene that will last for half a minute. Not so here. We're talking low, low budget stuff. In fact the whole movie was made in just one day and there was still time for a break for lunch and a few bottles of the amber nectar. Very civilised, I call it.

The set was a rather lavish conservatory that contained several unusual

bloomers, not to mention the biggest begonias I'd ever clapped eyes on. They all belonged to the three girls parading their wares in front of the camera, who were very full figured indeed. In fact the combined bra size of all those wobblers would have baffled Einstein. I had little doubt that if any of them were married then their husbands must have had to make two trips to carry them across the threshold!

As far as I could tell, the storyline was simple but effective. The idea is that the girls have been invited to a sexy party being held that evening at a friend's house. But you know how women are about wearing the right outfit. First of all they have to shovel their considerable assets into a selection of sexy underwear. They dance around to inaudible music while

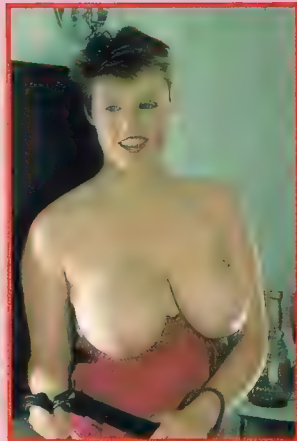

BIG TIT BONANZA!

doing this, and occasionally they pause to massage each other's vast frontages in a curiously non-erotic way just so's they don't accidentally blow the chances of that all-important 18 certificate.

There's no dialogue as such, which is probably just as well because none of the gals would pass muster for the Old Vic. The director even leaves the camera running for a while as he goes off to the kitchen to get a sandwich. I wonder if Spielberg works this way?

Still, it's amazing how fast time goes by when you're sitting watching six bloody great tits wobbling back and forth. I snapped out of my trance after about an hour, when the director announced that it was time for everyone to have a break. Then I dived in for a quick interview with the most famous of the big tit gals, the legendary "Auntie" Pat Wynn.

A former unit publicist at Pinewood and Shepperton, Pat's frightfully posh voice seems at odds with her raunchy nature. She got into nude modelling back in 1978, when a girlfriend recommended she send some shots to a glamour magazine that had said they

were looking for big-boobed models. "They accepted them immediately and asked if I would do more," she smiles. "Eventually I landed the job of agony aunt for a popular men's publication, and I suppose that is what has made me such a well known figure..."

According to Pat, **Boobs Boobs and More Boobs** is a fun project, but she has no illusions about it being any kind of video masterpiece. "It's typical of the kind of adult video material that's being done in this country now we no longer have a proper film industry," she laments. "Still, there are

a lot of guys out there who want to look at big tits, and this gives them the chance, doesn't it?"

Always keen on meeting her fans, Pat says she hopes her future video work will give her the opportunity of coming into closer contact with the man in the street (well, as close as possible given those built-in shock absorbers). "There are all sorts of things you could do," she says. "Such as saying to a guy, 'Have you ever guessed how much tits weigh?' Then I could do a flash and say, 'Well guess how much these weigh, then!' That would probably freak them out..."

At this point we were joined by Millie, a chunky brunette who was munching on a jumbo sausage in a suggestive fashion. Millie told me she had been in so many big boob videos that she couldn't remember their names. In fact she can't even remember the name of the one she's currently filming, so after a short while I realise it's a bit of a dead loss to discuss her credits. She does, however, reveal that her hobbies include listening to heavy metal music and exercising down at

the gym. No doubt with her built-in chest expanders.

The third girl goes by the name of Sadie and says she's fairly new to the modelling game.

"My boyfriend set me up for this," she grins. "He's one of the makers of the video. And I'm having such a good time that I might do a few more. I'm really into some of the kinky gear that we're trying on. I once bought a pair of leather studded knickers with a matching whip. My boyfriend loved them, though maybe he wouldn't want you to print that..."

Fascinating though this conversation was, time was marching on

and I had to break away for a quick word with the director, a distinguished-looking chap who said that he would prefer to remain anonymous. Wouldn't we all.

"People think that making this sort of film is easy," he explained. "But you've got to have the right atmosphere and the right cast. Our three stars are working really well together, and they have got enough sex appeal to make a bloke want to take his eyeballs out and polish them.

"Pat in particular is an old friend of mine and she's always good value for money. Okay, I know that some

people might say she's getting a bit past her sell-by date for this sort of work, but I say that's bollocks! I reckon

on that most blokes would prefer to see a mature woman get her kit off than look at some skinny young tart doing the same. Particularly if the mature woman has got tits the size of Pat's!"

He won't get any argument out of me on that score!

The filming had started at just after nine in the morning, and it progressed smoothly until five, when everything was in the can and everyone packed up and headed for home. The post-production period was just as quick, because a few weeks later I received a finished review copy of the movie from Tozerward. Though no classic, let's just say I found it to be stimulating in a rough and ready sort of way.

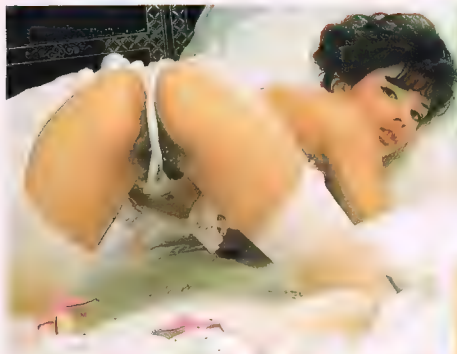

Now I note that after a brief trip round the video shelves as **Boobs, Boobs and More Boobs**, the film's title has been changed to **The Fat Slags**, in a clever attempt to capitalise on the success of those infamous Viz characters. I wonder what the girls think about that? Still, the video has had great success under its new title, and it now looks as if there might even be a **Fat Slags 2**. In which case you can bet your life I will be covering it for this illustrious organ.

Maybe they might even find room for a plot next time...

But I doubt it.

MOUTH PIECE

MENAGE A TROIS

Dear Ed.,

The first guy my flatmate and I shared on a threesome basis was a dreamy young Adonis with a cock like a baseball bat. What really turned us on to him was his shyness and his big, toothy grin - not to mention his neat little bum and lovely big lump in the crotch of his jeans - but it was difficult to get Paul in a

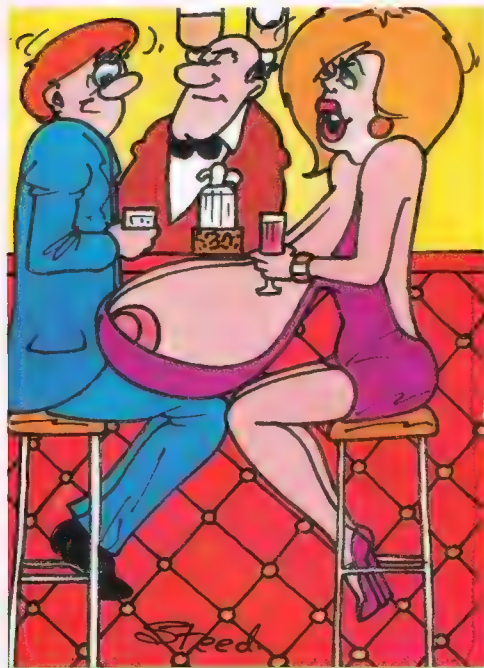

drop. A problem? Yes, it was rather - until Dana went back to basics. I'll never forget how I cringed with embarrassment when she looked at her watch, sighed in mock frustration and said, "Paul, would you like to suck my nipples?"

Paul giggled like a girl and hung his head, but Dana's words had the desired effect, all right, because within ten seconds the most enormous swelling arose in the crotch of his jeans. Whooping in sluttish

"She wiggled her bottom in delight as I slapped her knees apart and buried four fingers up inside her"

glee, Dana dropped to her knees, unzipped his fly and extricated one of the biggest pricks I'd ever set eyes on. It stood proud and stiff, shrouded in a slack, vel-

vety foreskin, with balls the size of apricots tucked up tight underneath.

"Let me know if my tits are annoying you"

and between us we sucked, licked and tickled Paul's now-enormous tool. He yanked our T-shirts up and jiggled our titties while we took turns blowing him - but with a cock nearly as thick as my emergency dildo! - there was one part of my anatomy I wanted him, more than my mouth.

I plonked myself in the armchair, parted my legs and trailed them over the arms. Paul was quick to get in position and I can't begin to tell you how much it turned me on, three-way tongue kissing with he and Dana while she guided his cock between my outstretched thighs.

While he built up a rhythm, busty Dana massaged my clitoris and sucked my nipples, and Paul and I worked ourselves into such an erotic frenzy, we climaxed together with a positively amazing intensity. And then, by way of showing her love for this man and I, Dana licked his cock clean and then proceeded to lick my poor, overworked quim - a crude, but for all I know, effective form of contraception.

The sight of Dana eating my pussy clearly had an inflammatory effect on Paul, who regained his erection in no time at all. Before she knew what hit

"As time marches on, so our appetite for three-way sex gains momentum. As long as it includes bags of oral action"

While Paul knelt there sucking my flatmate's titties, I got down on my knees behind her, pulled her panties open and sniffed and licked her warm, wet pussy. She wiggled her bottom in delight as I slapped her knees apart and buried four fingers up inside her. God, did she feel horny and good...

I then shuffled round so that I was kneeling beside my girlfriend on the carpet,

her, he collared her from the rear and subjected her to an amazingly fast and athletic doggie-fashion fuck. The way her massive boobs swung from side to side was a real turn-on for us all. In fact he skewered her pussy with such fervour, her arse - as well as her fabulous titties - wobbled as he pumped. But she stuck to her pussy-licking task, for all the cock that was being put her way from behind, and for the first time in our lives, we enjoyed the thrill of a three-way orgasm.

As time marches on, so our appetite for three-way sex gains momentum. So long as it includes bags of oral action, I want more, more, more!

Shiona,
Winchester.

RACHEL

There are a couple of things about randy Rachel that stick out a mile. We're talking, of course, about her terrific tits, which have graced the pages of many a breast-selling men's mag in her native Canada.

"They look great, don't they?" says this 24-year-old tease from Toronto. "My boyfriend paid for them to be blown up to this size. He has a real thing about big tits, if you know what I mean..."

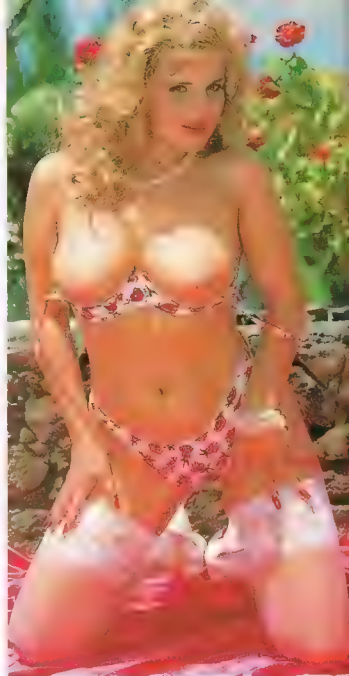

We do, Rachel. We do!

"He also has a video camera and likes to film me doing filthy things to myself with my fingers or one of my vibrators. When I'm feeling randy I slip one of the videos into the machine and bring myself off watching my body on the screen with my pussy open and my tongue licking the juice off my fingers.

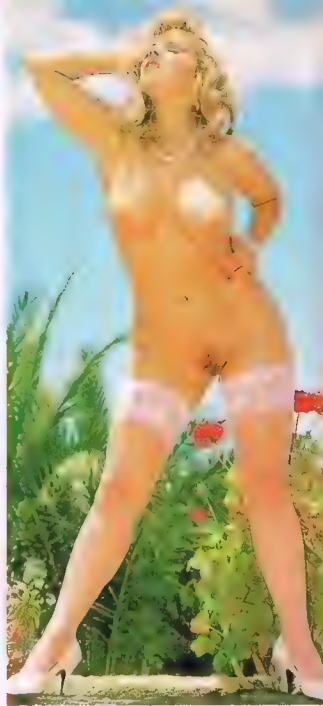

"What I'd like now is for someone to join me in the videos for some sexy play. I'd like a guy with a really fat dick and big hairy balls to screw me on film. I'd even like to try it with another girl, that would be good fun."

Good fun to watch, too!

MOUTH PIECE

LOCK UP YOUR DAUGHTERS!

Dear Ed,

I'm 45 years old, but although I'm married, I'm always on the lookout for a bit of stray. But I'm not a dirty old man - in fact I despise middle-aged men who squeeze into denims and make fools of themselves, trying to pick up teenage kids. That said, I'm only human, and if a sexual opportunity presents itself, I'd be a cunt to say no.

These opportunities certainly occur to us Forty-Somethings, but

"Christ, he could have warned me about his daughter! A luscious great bimbo, she was"

fuck knows, they're rare. The way my last big chance arose was on account of a new driver starting work for my haulage firm. Like me, Tom enjoyed a bit of a drink and we took to going out for pints after work. One night we stayed out later than usual

"Your car's a small collectors item just like your dick"

and I offered to buy him a curry.

"Not for me, thanks" he said, turning his nose up at the prospect of foreign muck. "But if you'd like to come back to the house, the wife'll knock something up for us."

Christ, he could have warned me about his daughter! A luscious great bimbo, she was, nigh on six foot tall with socking great tits straining at her T-shirt, and a miniskirt not long enough to conceal her panties. Her tight, pink silk panties...

Tom was in the kitchen, fetching beer from the fridge and his wife was sweating over the stove when his daughter Angie made her move. She was seated opposite me at the time, watching telly while I thumbed through the evening paper, trying my damndest to refrain from staring up her skirt - but of course she knew fucking well I fancied her.

When I glanced over the top of my paper, Angie smiled, gave me a saucy wink and - right there in her parents' living room - spread her legs at me. The way her skimpy pink knickers clung to her ripe young cunt was fucking obscene. I could make out the outline of her sex-lips, the faint, fuzzy bush of pubic hair, the tell-tale wet patch that was forming... and then she clamped her knees together and gig-

gled, real mischievously.

"Mum and Dad are going to the pictures tomorrow night to see the new Spielberg," she announced, for all to hear. "Really looking forward to

"I haven't got any knickers on," she announced"

it, aren't you, Mum?" And then she winked at me again. The cheeky bitch had offered a sexual invitation right under her parents' noses - yet

the poor, naive buggers didn't suspect a thing.

You what? Of course I was round there the following night! And when young Angie opened the door to me in a black rubber miniskirt and her unfettered tits dangling loose and free in a tight, black T-shirt... I

sprang an instant hard-on.

"I haven't got any knickers on," she announced. Fucking hell, was this really happening - or was it just another of my filthy wank fantasies?

It was for real - make no mistake about that, you **Forty Plus** readers. When Angie threw herself into my arms and I got my hands on that plump, rubber-clad arse and she felt my hard cock jab into her belly... she whispered in my ear, "Would you like to lick my pussy?"

a minute or two. As I buried my face between her thighs, she obligingly spread her teenage cunt wide. It was big, wet, pink and delicious, and when I reamed it out with my tongue she went crazy for me, writhing and thrashing about, using my face as

"On her bed, Angie arranged herself on all-fours for me, wiggling her bum provocatively"

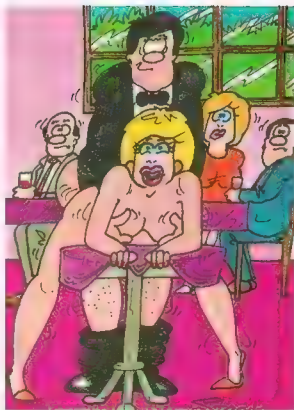

one great, big, (bristly!) work-off device.

Screw her parents, I was going to fuck this oversexed little darling's arse off. I took my mouth from her aroused cunt and made her take me up to her room. Angie led the way and she giggled like the trollop she is when I slapped her arse and goosed her in between her buttocks as she climbed the stairs.

On her bed, Angie arranged herself on all-fours for me, wiggling her bum provocatively. I gave her another resounding slap, then inched her arse apart to rest my dribbling knob between her petals.

"You dirty old sod," she giggled, as I skewered her. "I hope you're not going to give me a baby!"

Christ, was she tight! By the time I'd worked my whole length up her, my foreskin was yanked back so tight, my knob felt ready to explode. Still clutching her buttocks, I stirred

"Well I've never heard of a restaurant not taking plastic"

my knob around, so deep inside her that she started whimpering from sheer, unadulterated lust.

Bit by bit, I built up my thrusting rhythm until I was shagging her so hard, my balls were slapping against her clit and her buns shook like jellies. With the short strokes well underway, she was screaming and

"I've been seeing Tom's big, beautiful, sexed-crazed daughter on and off ever since"

swearing so loudly - not to mention the headboard thumping against the wall - I was scared the neighbours would hear and wonder what the fuck was going on. Fortunately, my balls gave up their cargo before the fucking ceiling came down and we collapsed in a big, sweaty heap on the covers.

I've been seeing Tom's big, beautiful, sexed-crazed daughter on and off ever since. Each time we meet, the sex gets dirtier and the last time we fucked, she said she'd like me to do it to her "in front of an audience". You know something? At forty-five years of age, I've never felt so young in all my life.

Terry,
Doncaster.

"You bet I fucking would, sweetheart!" I drooled. "Go on - get yourself in that armchair with your legs apart and over the arms. I'll give you a plating you'll never forget!"

By the time I'd stripped and got down on my knees on the carpet, Angie'd been playing with herself for

MOUTH PIECE

RELUCTANT ROMEO

Dear Ed,

When you're married and over forty years old and in that disgusting condition known as "settled down", those apres closing time parties rather lose their appeal. I mean, where's the attraction, being packed like sardines in someone else's kitchen, drinking warm lager and talking bullshit... when you could be at home with your

feet up, drinking a large iced whisky and watching the late movie?

Still, it was my mate Steve's birthday - and my wife was away for the weekend - so I made the effort. I'm rather glad I did, as it happens, because when I found the one chilled bottle of white wine in the house and slunk off to his front room to drink it, there stood one of the biggest-titted women I'd ever seen in my life. Oh yes - and she also happened to be beautiful. The skirt of her red two-piece suit clung to

"Actually there are no legs, but it gives a great tit fuck"

"My cock was dripping love juice before Daphne reached for the catch on her over-worked black bra"

her thighs like a dream, and the top looked as if it had been tailored specifically to cope with her massive, thrusting bosom. Her amazing mane of red hair was piled on top of her head, with long, curly bangs framing her exquisite face. Her legs were long and shapely, with taut, muscular calves and slender ankles. Frustratingly, her jacket was just two inches too long to reveal the curvature of her derriere. Not that it mattered - it's always nice to have something left to the imagination...

As our eyes met, I felt like I was melting inside. It was lust at first sight - mutual, that is to say - and for once in my life I was lost for words.

"Boring party, isn't it?" she said. Was she hinting, even at that very early stage.

"Um, yeah, right," I said, like the tongue-tied twat I am.

"It would be nice to go somewhere else, don't you think?" she said, in an unmistakably nudge-nudge style. Now or never, boy...

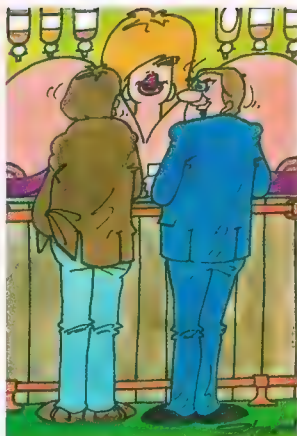

"Hrrrrm, how about my place?" I said - and felt myself blush from ear to ear. Surely I'd put my foot right in it...

"Anywhere to get out of this shit hole," she sighed. "Come on then, lead the way."

I was in such a state of confusion and disbelief, I showed her to the door to make our getaway - only to discover I'd opened the door of the airing cupboard. It was highly embarrassing - but at least it got a laugh.

The name of the lovely creature was Daphne - and Daphne was one of those girls who likes to be in control of a sexual situation - firmly in control. Fine by me. So when she said, "Why don't you undress and make yourself comfy while I strip for you?" I was only too happy, playing second fiddle.

My cock was dripping love juice

"What's your nipple?"

before Daphne reached for the catch on her overworked black bra. Her jugs were so colossal, I fully expected them to collapse down on to her belly, but to my absolute joy they sat way up high on her rib cage, nipples pointing skywards like a pair of lusciously tempting strawberries. Her minuscule panties, meanwhile, were of sheer black silk, revealing a public bush that had been neatly clipped into the shape of a heart.

Revelling in her role of party tease, Daphne toyed with her enormous nipples as she gyrated. Then, slipping a hand into her knickers and

"The sensation of her taut, slippery bottom on my lap sent shivers of excitement down my spine"

caressing her slit, she reached out and anointed my dry lips with her natural lubricant.

"Do you fancy seeing me cover myself all over with Baby Oil?" she inquired. All I could do was grunt - and carry on drooling.

"Oh dear, I made myself come!" she giggled, five minutes later, standing before me in my humble front room, having studiously oiled herself from head to toe. "Do you mind if I sit on your lap? Look out, I'm terribly slippery."

The sensation of her taut, slippery bottom on my lap sent shivers of excitement down my spine. Mischievously, she parted her thighs

in order to sandwich my throbbing cock. Even more mischievously, she squeezed yet more Johnson's fluid over it, which felt so sublimely sensual, there was nothing for it but to grab those huge, over-lubricated breasts and... indulge myself.

Daphne led me to the bedroom - by the root of my slimy cock. Arranging herself for me in the doggie position, it was now her turn to groan and sigh as I buried my cock in her warm, wet cunt - to the very hilt. She begged me to keep it there, deep inside her; to stir my knob around as I yanked on those massive, dangling melons.

"Yes, pull on my nipples while you're shagging me!" she gasped. "Oh fuck, we're so good together!"

As indeed turned out to be the case. Assured that she was on the Pill, I gave up a ball-wrenching slug of cum, collapsing on top of her as I gasped for breath, somehow managing to remain in her pussy as she took my full weight.

Being married and - on the surface, at least - a regular Mister Respectable, it's difficult to get my clammy hands on Daphne's dream tits more than once every couple of

weeks. But - by Christ - she's brilliant in small doses...

J.M.,
Mansfield.

ORAL HOMAGE!

Dear Ed,

My name's Joy and I'm proud to declare vital statistics of 40-29-34. Men tend to want me for only two things (joke), so I had to wait until my very late teens before I could find a man who was interested in venturing lower than my bosoms.

My introduction to oral sex was bizarre, to say the least. It was during my first year at art college and I'd been seeing this really pretty boy for about three weeks. We'd done all the snogging and tit-groping and been through the various sex positions, so now it was time to get adventurous, if you follow my meaning. One Sunday afternoon at his parents house in the country, I was sitting around in the shed at the bottom of the garden in just my shoes, knickers and stockings (you know how it is!) when Colin disappeared for a second. When he returned, he

told me to lie on the floor with my legs apart. Before I knew what he was up to, he whipped open his fly and a strong, warm jet caught me full in the fanny. I was on the brink of cursing him out for being a pervert when the jet subsided and I realised that what was protruding from his fly wasn't his prick, but the gardener's hose.

"Did that feel nice?" he grinned.

"You're disgusting," I said. "Now come and kiss me all over till I'm dry."

Dry, did I just say? By the time Colin had finished exploring my entire vaginal area with his tongue, I was wetter than when he commenced - from my own, natural lubricant. It was the first time a man had paid oral homage to my cunt instead of my oversized breasts and, even at that very early period in my development, it made me mare-like in my desire for cock.

Colin finished me off face-down over the back of a garden chair, fucking me with a youthful vigour that is sadly lacking, now I'm in my thirties. Yes, a memorable initiation, indeed.

Joy,
Sheffield.

MOUTH PIECE

GOOD & FILTHY!

Dear Suzie,

Can I write frankly to you? So many of your readers seem to pussyfoot around when it comes to describing their big tit sex encounters, but I'm not interested in qualifying for the Booker Prize! My sex life is good and filthy, I'm pleased to report, so that's going to be the prevalent theme of this letter - good and filthy.

It was our tenth wedding anniversary just a while back, so I took the wife to a bar/restaurant to celebrate - a somewhat trendy establishment not a great distance from Battersea Bridge. Before we sat down to eat, we stood at the bar, working our way through a magnum of champagne and studying all the young cock and cunt on display. My wife particularly liked the look of the manager, drunkenly confiding in me that she'd like nothing more than to have him toss himself off into her mouth.

"That's all very well, darling," I said, "But where would I figure in the scheme of things?"

"You?" she said, "You could fuck me with your fingers, for all I care - or pull my knickers down toss yourself off all over my arse like you did last Sunday morning!"

She's a dirty cunt, that wife of mine! One day last summer when I

got home earlier than usual from the golf club, I caught her shagging the landscape gardener on the back patio. He had her on her hands and knees; the dirty fucker, and was poling her so hard, her buns shook like jellies.

"Just what the fuck do you think you're doing, mate?" I said. When he looked up and saw me standing there bollock naked and sporting a full hard-on, he nearly pooped!

"Don't mind me, pal," I laughed, "This is for her, not you!" So saying, I put it in my wife's mouth and told the gardener to keep on shagging. It took him ten minutes to regain his hard-on, poor sod, but when we finally got it together, my wife came so strong, she nearly fainted!

Anyhow, to return to our anniversary celebrations. When we were finally seated for dinner and our waitress introduced herself, I almost choked on my bread roll. She was quite a plain tart, in spite of her raked back blonde hair and thick make-up, but the tits on her were fucking fantastic, and nigh bursting through her white silk blouse - and I wasn't the only guy in the place eyeballing her, either.

"You randy bastard!" my wife laughed, as I watch the waitress wiggle her way back to the kitchen with our order, "You fancy your chances, do you?" And then, feeling my cock under cover of the tablecloth, "Christ, you really do!"

When Leila went out to the Ladies for a piss, I followed her, and when she came out, I dragged her into the Gents for a feel up her knickers. Once I had four up her and she was really ready for it, I put a proposition to her - that we try and pull the big-titted waitress and get her back to the house for a threesome.

"Fine by me," said Leila. And then, after a pause, "Are you sure you don't want me to suck you off before we return to the table?"

We were the last couple to leave the restaurant. By the time we were ready to make our move, the waitress was almost as pissed as us. When she accepted my invite, I swear I nearly came in anticipation...

Once back at the house, we didn't fuck about. Leila helped the tart (Paula by name) out of her blouse and bra and when I came down from the bathroom, they were on the sofa sucking each other's tits. My wife's got quite a big pair herself (38-DD) but the knockers on Paula were so vast, they hung down around her navel.

"Shag me on the carpet in front of your wife," she said, cool as you like. "Go on - really stuff it up me! Just think how nice it'll look, watching your wife sucking on my lovely big titties!"

The fucking and sucking lasted till dawn. I sucked Paula's tits while my wife gobbled me; I fucked my wife on all-fours while she plated Paula; my wife wanked me into Paula's cleavage whilst she snogged with her; they treated me to a two-way blowjob... the catalogue of sex positions and mild perversions carried on, unabated, with my wife and I freaking out over the joy of getting it on with such a huge-titted slag.

Sorry I've been rambling on a bit, but this account of night-long fuckery isn't a figment of my imagination, it actually happened. And I can honestly say that our relationship has improved a whole lot because of it.

Terry,
Teddington.

"Oh yes! Thank you, nurse,
I remember now..."

A full-page photograph of a woman with dark hair in a braid, wearing a white long-sleeved swimsuit with a large backless cutout. She is holding a white surfboard vertically in front of her face, looking down at it. The background is a blurred beach scene with the ocean and a cloudy sky.

NICOLE

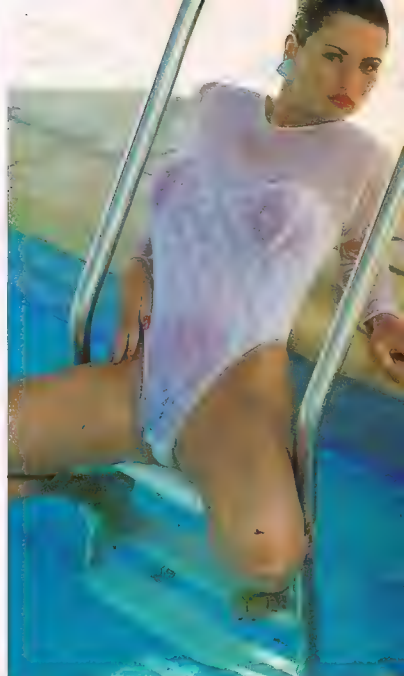

Slim, sexy 20-year-old Nicole works as a life-guard on the kind of sunny California beach that will be familiar to watchers of TV's popular *Baywatch* programme.

Of course it must give her a natural advantage having such incredibly large built-in water wings. And her breast stroke is supposedly a major tourist attraction. But she says that her job is not as glamorous as you might think from ogling the prime time antics of David Hasselhoff and his mates.

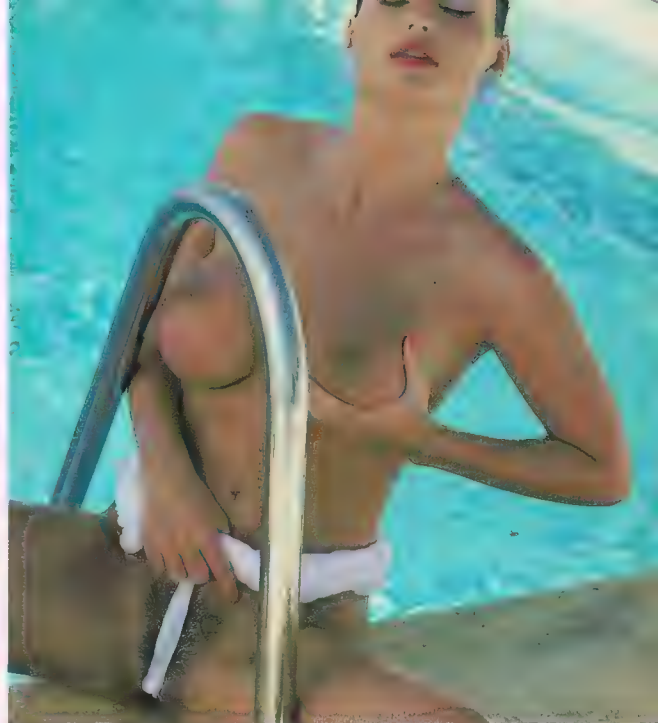

"The truth of the matter," she sighs, "is that most of the guys I get called out to rescue are tubs of lard, shoe-horned into trunks that are three sizes too small for them. They have too many beers on the beach, and then they wonder why they get cramp and sink like a stone once they hit the water."

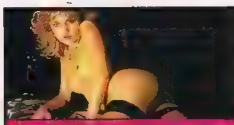

But there was one guy recently who did look really horny. He pretended to be drowning so he could trick me into giving him the kiss of life. I realised he was fooling when I noticed the enormous bulge in his trunks...

He sure woke up fast when I started massaging his cock. And later on I found out just how good a swimmer he was. I really made him crawl, and I can tell you that after he submerged his face in my muff, he stayed down for a long time..."
